## VITAFER.

The Greatest of the Tonic  
Foods.

VITAFER is the essence of finest British milk, sterilized—concentrated and granulated combined with the Glycero-phosphate of Sodium, Calcium, and Magnesium.

Vitafér is rich in body building and nerve restoring elements, the milk contains for food and muscle, while the Glycero-phosphate revitalizes the nerves and brain. This latter effect is due to Organic Phosphorus being present in the food in the particular form in which it occurs in the human body.

Vitafér is a genuine restorative, and not a mere transitory stimulant.

### DEATH OF AN OLD "CHINA HAND."

The announcement of the death of Mr. A. R. Burkill, which occurred apparently quite suddenly at his residence at Waltham St. Laurence, Berkshire, England, was received with deep regret, especially by the "C. D. Daily News," by the residents of Shanghai with whom he had been associated from the early "sixties" until late in the "nineties," and the deep sympathy is extended to his widow at Hong, and to his sons, Mr. A. W. Burkill and Mr. C. R. Burkill, who are well known residents of Shanghai, popular in business and socially.

Mr. A. R. Burkill, who was born in 1839, first came to Shanghai early in the "sixties" to join the firm of Messrs. Glover, Dow and Co., and some years later entered into business on his own account as a silk inspector. In 1877 he entered into partnership with Mr. Cromie, the firm being styled Cromie and Burkill, and the partnership existed for upwards of fifteen years. After the retirement of Mr. Cromie, about 1892, Mr. Burkill founded the present business of A. R. Burkill & Sons, which has been successful carried on by his sons since their father retired from active business in 1898.

Owing to the great interest he took in public affairs, the late Mr. Burkill was available to the community. He was, we believe, one of the founders of the Shanghai Land Investment Company, as well as a director of other companies that are now old-established. He was also a member of the Committee of the China Association, for some years a Steward of the Shanghai Race Club and the Paper Hunt Club, and at one time Chairman of the Stewards of the former Club. He took a keen interest in racing, and was a prominent owner.

The incident of the "wheelbarrow" race in the Spring of 1877 is fresh in the minds of many middle-aged residents. In April of that year the Municipal Council, of which the late Mr. E. A. Probst was Chairman, resigned in consequence of a strong vote of censure passed by a meeting of ratepayers to protest against the action of the Council in temporarily withdrawing the increased tax on wheelbarrows. A new Council was forthwith elected, of which Mr. A. R. Burkill was appointed Chairman.

### HYPNOTIC DREAMS.

Discussion of Suggestion Cures.  
By Liberal Christian.

Influences from "the dream side of life," hypnotism, and miracles were some of the subjects dealt with at the autumn assembly of the Liberal Christian League, at the King's Weight House Church, Dr. Constance Long instanced the case of a lady who became very ill as a result of bad dreams following on the telling of ghost stories by another person before retiring for the night. She was treated by psychic methods, and fortunately recovered. Dr. Long said people had been known to be killed by suggestion. A man was put into a bed and told that a patient with cholera had died in the same bed the night before. The man got cholera and died. "He maintained that we could suggest failure or success to a very large extent," but hypnotic suggestion should be used only for medical purposes, by medical people. For many cases of insomnia there was no treatment equal to it. The Rev. J. M. Thompson (Magdalen College, Oxford) said the present century was bound to see a great revolution in religion. If they believed that God preferred to work without miracles, they should have reason for thinking he would not break His rule in the most important matter of all. If they had come to the conclusion that the soul of Christ was not really in Jesus, read they suppose that He Himself was a miracle? He did not think there was sufficient evidence in the Gospels to suppose that things happened which could not be explained by the ordinary laws.
